<b>Afternoon:</b>				
<p><b>Project based theme: Where did the Coronavirus originate from? How did it begin? Which other countries has this virus spread to?</b></p> <p>Conduct independent research using the questions above as prompts for your learning. Present your findings in the form of a world map.</p> <p>Draw a map (in your purple books) to show the different countries that have been affected; and add numerical data involving the number of cases linked to each affected country. Think about what conclusions you can derive from this activity and write this up as part of your findings/reflection.</p> <p>Use Kidrex in place of Google to help you find your independent research.</p>				
<p><b>Weekly Maths</b></p> <p>Weekly focus: Use Mathletics and My Mini Maths to revise your learning on: fractions and problem solving  <a href="https://myminimaths.co.uk/year-6-mini-maths/">https://myminimaths.co.uk/year-6-mini-maths/</a>            Practise papers on: <a href="https://myminimaths.co.uk/year-6-arithmetic-practice-papers/">https://myminimaths.co.uk/year-6-arithmetic-practice-papers/</a>            Reasoning practise set on Mathletics as an online assessment.</p>		<p><b>Science</b></p> <p>Using the information that you gathered from your investigation (last week) write up two paragraphs detailing the impact of diet and exercise on the human body.</p> <p>After you have done this, you can use this information (and more) to create a 'healthy lifestyle' brochure on Purple Mash – when you have done this you can send this to Miss Wheeler and Miss Ali.</p>		
<p><b>Ideas for DT</b></p> <p>What preparation techniques are you familiar with?            This week spend some time with an adult helping them to prep vegetables and ingredients for your main meals by using a range of techniques.</p>		<p><b>PSHE</b></p> <p>The theme for PSHE this week is: stress. Write a reflective piece in your learning book responding to the following questions:            What things do you stress about?            What are the triggers for stress? How do you respond to feeling stressed?</p>		

Here are some of the techniques you could use to help prepare the vegetables for your meals: grating, peeling, shredding or dicing.

Try to use as many of these techniques as possible throughout the duration of the week. At the end of the week, write an evaluative piece that considers which method was preferred by you; what affect this had on your meals; and why you think these techniques to prepare vegetables are effective. Also present your information in a paragraph or a table explaining which vegetables needed to be grated, peeled, shredded or diced.

What strategies/methods do you use to manage stress and pressure?

What five key points of advice would you give to someone (of your age) who found themselves to be in a stressful situation?
