

Sports Premium 2021-2022

Since 2013 the government has provided additional funding each year to improve the provision of PE (Physical Education) and sport in primary schools. The funding is provided jointly by the Departments for Education, Health and Culture, Media and Sport. For the Academic Year 2021-2022 we will receive £19,170.

2021-22 Current Year priorities

- Time table for the daily mile
- After school provision for 2021-2022: KS2 girls' football club. KS1/2 football club, netball club, alternate with tag rugby, cricket
- Sports coach to introduce new sports and physical activities, e.g. fitness sessions, encourage more pupils to take up sport – use pupil voice to match provision to children's requests/interests and to engage the hard to reach pupils
- Sports coach to support EYFS with outdoor adventure.
- Lunchtime provision could include more structured activities on the field
- Consider taking PE to 1.5 hours not including daily mile and playtimes and lunchtimes – Sports Coach to do ½ hour additionally with classes
- Plan intra and inter school competitions with the other schools in the Multi Academy Trust. Enrich provision by creating rich, varied and inclusive school sports opportunities as an extension to the curriculum. Continue to develop partnering with other local schools and encourage inter and intra school competition. During 2020-2021 all of our pupils will have had the opportunity to take part in school sports clubs, National School Sports Week, theme days throughout the year, inter and intra school competitions
- Monitor numbers of children walking to and from school on a regular basis
- Year 5 will swim from September and those who can't swim by the end of Year 5 will continue to swim when they are in Year 6.
- Plan for National Schools Sports Week.

2020-2021 How the funding has impacted positively on the teaching and learning of PE

- Sports coach employed to support all classes with PE lessons and which impacted positively on physical activity at lunchtimes and playtimes.
- Sports Coach was timetabled to be part of every classes' break time.
- Sports Coach made resources for all year groups that could be used during break and lunchtime. Children were encouraged to take responsibility for this equipment and ensure it was returned.
- Lunchtime provision was improved. All classes were separated due to Covid but the playground was rotated so that children had access to basketball, football and cricket. The children have been able to approach the sports coach and have any equipment they request. Skipping ropes have been easily accessible for those that have needed them. There has been a focus on other sports not just football.
- Daily mile is embedded across the school and will continue in the academic year 2021.
- After school clubs have been popular but have been stilted by bubbles during Covid. We would have been able to have a greater range of clubs if we hadn't had to keep the bubbles separate. We will keep this under review 2021-2022.
- Year 5 trained as play leaders and peer mediators and have been active in the playground.
- Chance to Shine Cricket have worked with all year groups and children and staff have been enthused by this.
- Sports Day was a great success this year in the children's year groups. Children had a chance to take part in competitive sport and it gave the opportunity for children with athletic ability to be recognised and signposted to local clubs.
- KS1 and EYFS Wake and Shake has been taking place daily to promote physical activity.
- Clear progression in knowledge and skills in place for all year groups for PE. Clear assessment end points are in place.
- Resources have been replaced where necessary – Sports Coach has audited what we have and what we have needed to purchase to improve and enhance provision.
- Sports Coach was in school every day during Lockdown encouraging the children to participate in physical activity, each year group did PE lessons during this time Jan- March.
- Year 6 went swimming in summer 2 when restrictions lifted from the pandemic, sports coach went in the pool to support non swimmers which had a positive impact.
